"We love St. Paul's and would recommend it to ANYONE! In fact, I often do. I am impressed by how well my child has done in her class."

Our Goal

Our program is based on the premise that children learn best through play-based, hands-on experiences in an environment where individual needs of each child are taken into consideration. Therefore, although specific objectives differ for each child, our preschool program provides the following for all children:

- ✓ Experiences to help children learn to know and learn about a loving God
- ✓ Opportunities for children to grow in self-confidence and an appreciation for others
- ✓ An environment to stimulate the learning of young children
- ✓ Readiness to enter kindergarden
